**SUMMARY:** In accordance with section 113(g) of the Clean Air Act, as amended (“CAA” or the “Act”), notice is hereby given of a proposed settlement agreement to address a lawsuit filed by Environmental Integrity Project and Sierra Club in the United States District Court for the District of Columbia: Environmental Integrity Project v. McCarthy, Case No. 1:14-cv-01196 (D.D.C.). On July 16, 2014, Plaintiffs filed this complaint alleging that Gina McCarthy, in her official capacity as Administrator of the United States Environmental Protection Agency (“EPA”), failed to perform a non-discretionary duty to grant or deny within 60 days three petitions submitted by Environmental Integrity Project and Sierra Club requesting that EPA object to three CAA Title V permits issued by the Texas Commission on Environmental Quality to Luminant Generating Company to operate three power plants in Texas. The proposed settlement agreement would establish deadlines for EPA to take such action.

This proposed settlement agreement would resolve a lawsuit filed by Environmental Integrity Project and Sierra Club seeking to compel the Administrator to take actions under CAA section 505(b)(2). Under the terms of the proposed settlement agreement, EPA would agree to sign a response addressing the following issues from Environmental Integrity Project and Sierra Club's Title V petitions by no later than January 23, 2015:

- a. Petition for Objection to Texas Title V Permit No. 065 for the Operation of the Big Brown Steam Electric Station, Freestone County, Texas (Mar. 3, 2014) (attached as Exhibit 1 to the proposed settlement agreement) ("Big Brown Petition"), Issue V.A (pp. 7-14);
- b. Petition for Objection to Texas Title V Permit No. 064 for the Operation of the Monticello Steam Electric Station, Titus County, Texas (Mar. 3, 2014) (attached as Exhibit 2 to the proposed settlement agreement) ("Monticello Petition"), Issue V.A (pp. 5-11); and

- c. Petition for Objection to Texas Title V Permit No. 053 for the Operation of the Martin Lake Steam Electric Station in Rusk County, Texas (Feb. 24, 2014) (attached as Exhibit 3 to the proposed settlement agreement) (“Martin Lake Petition”), Issue V.A (pp. 5-9).

EPA would also agree to sign a response addressing the following issues from Environmental Integrity Project and Sierra Club’s Title V petitions by no later than May 15, 2015:

- b. Monticello Petition, Issue V.B (pp. 11-14); and
- c. Martin Lake Petition, Issue V.B (pp. 9-14).

EPA would have no obligation to respond to any issue in the title V petitions except those specifically identified. Further, under the terms of the proposed agreement, Plaintiffs would send a letter to the EPA Administrator within 60 days of the execution of the settlement agreement withdrawing the remaining portions of their Big Brown petition, namely:

- a. Big Brown Petition, Issue V.B (pp. 14-15); and
- b. Big Brown Petition, Issue V.C (pp. 15-17).

Under the terms of the proposed settlement agreement, EPA will expeditiously deliver notice of EPA’s responses to the Office of the Federal Register for review and publication following signature of such response. In addition, the proposed settlement agreement outlines the procedure for the Plaintiffs to request costs of litigation, including attorney fees.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed settlement agreement from persons who are not named as parties or intervenors to the litigation in question. EPA or the

Department of Justice may withdraw or withhold consent to the proposed settlement agreement if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines that consent to this settlement agreement should be withdrawn, the terms of the settlement agreement will be affirmed.

In contrast to EPA's electronic public docket, EPA's electronic mail (e-mail) system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through [www.regulations.gov](http://www.regulations.gov), your e-mail address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.
